SOFTWARE ENGINEER | GRAPHIC DESIGNER

STKIP Street, RT 008/RW 004, South Ternate | haidar038@gmail.com | haidar038.vercel.app

SUMMARY

I am an experienced **Software Engineer**, **UI/UX Designer** and **Graphic Designer** with a focus on creative visual solutions and functional web development. In the field of software development, I build responsive applications with a clean code approach and UX optimization. The combination of technical skills (**HTML/CSS, JavaScript, React, Node JS, PostgreSQL and Python**) and soft skills (**needs analysis, team collaboration, adaptability**) enables me to deliver digital products that align with business objectives. As a designer, I create logos, social media content, and intuitive user interfaces.

EXPERIENCE

Graphic Designer | Web Dev - Ternate Creative Space

Mar 2022 - Present

As a graphic designer at TCS, I am responsible for creating creative **visual identities** to support community activities. I design **posters, flyers, and digital content** that are not only visually appealing but also easy to understand. The goal is to **strengthen** TCS's image as a **center of innovation** and **creativity for young people** who play an important role in the region.
